16 FAQs

01 | About the Straightness Training Academy

The high demand for education and training in Straightness Training inspired Marijke de Jong and Marc Marsman to found the ST Academy in 2013 which now has thousands of members across the world.

We believe in a bright future and our ability to build it together with engaged and motivated Straightness Training Instructors. Together we can help equestrians across the world overcome struggles, plateaus, setbacks, and challenges with their gifted horses.

When you are a certified ST Instructor, you will have access to all the resources you need so you can make a positive difference in the world.

- ✓ **We believe in you**
- ✓ **We believe in the ST Academy**
- ✓ **Together we can do great things**
- ✓ **Help one rider, one horse a time**
- ✓ **Together we can get far**
- ✓ **How far can we go...**

- ✓ Do what you love
- ✓ Do what you are good at
- ✓ Do what the world needs
- ✓ Do what you get paid for

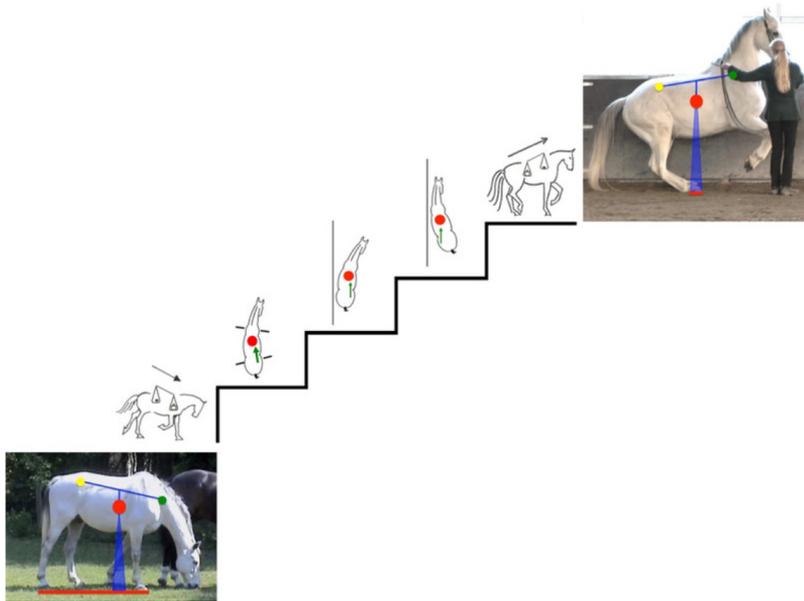

02 | About the Basic ST Instructor Certification Program

This year, the goal is to build an amazing class of students who are committed to not only in-depth learning, but also investing in their growth, creating the best version of themselves, and pursuing a meaningful career.

Instead of starting from scratch as an individual horse riding instructor, you now have the opportunity to start with a group of well-prepared, motivated, and goal-oriented Scholars, a network of existing ST Instructors, and a well thought-through educational program from the very beginning of your teaching career.

The ST Academy offers you a certification program, community, support, defined levels, feedback, and a professional pathway to widen, broaden, and deepen your understanding of the concepts and essences of Straightness Training, whilst integrating it with didactic coaching skills. Also, it offers you the opportunity to develop a tailor-made professional equestrian career that suits your individual entrepreneurship ambitions.

If this sounds like something you want to be a part of, we encourage you to join us. You are going to love the program and the process.

03 | The Secret Behind Our success - And Yours

The foundation of the ST Academy is causal coaching. This means, that we focus on finding the cause of a problem, rather than simply treating the symptoms. This means, we never teach our students how to fight physical and psychological imbalance with, for example, special bits and reins. Instead, we teach them how to reduce and counteract the natural asymmetry, which cause the imbalance in the first place.

Our six keys of Straightness Training can solve any problem that is caused by natural asymmetry - from balance to behavioral issues. As you progress through our program, you'll learn and apply the six keys to your own horse in order to achieve the level of Grade 1 in groundwork, longeing, work in hand and ST at liberty. These keys will be life-changing for your own 2- and 4-legged students too.

When you complete our Basic ST Instructor Certification Program, you'll be able to solve many problems that come your way with the six keys. They are simple. They are effective. And, they are what set us apart in the equestrian world. Best of all, they distinguish you from other instructors who don't have access to these six keys.

-  **Lateral bending**
-  **Forward down**
-  **Stepping under**
-  **Bending inside hind leg**
-  **Bend outside hind leg**
-  **Bend both hind legs**

04 | The Unique Selling Point of a Basic ST Instructor

The essence of what makes a Basic ST Instructor better in problem-solving than "riding-only" instructors, is that Basic ST Instructors focus on the cause of issues from the ground with the cavesson, instead of fighting symptoms under saddle and with bits. So whenever there's a riding issue, they solve it from the ground, having four empowering options available to choose from:

Groundwork

With groundwork, each horse's natural asymmetry can be observed from the ground. By developing an equal lateral bend, forward down tendency, and stepping under of the inside hind leg (LFS) in both directions, imbalance and stiffness issues can be reduced and eliminated.

Longeing

To prevent the majority of balance issues, the most important thing for a horse to learn is how to 'turn' instead of falling on the inside or over the outside shoulder. Through longeing, each horse can learn how to move with a proper LFS on a bigger circle.

Work in hand

In this training pillar, each horse can learn all lateral movements without the extra weight of a rider - from the circle, to the shoulder-in and haunches-in, to all the variants such as the renvers, half-pass and pirouette.

Liberty

To check if a horse understands what we mean with our tools and aids, and is motivated to do what we ask, we practice ST at liberty. At liberty we can monitor if our horse takes responsibility for the actual behavior and make sure that they are not only responding like a puppet on a string.

Riding is optional

To be able to get certified you don't have to include the training pillar 'riding'!

However, if you want to and if you pass the exams, you'll be certified as a full ST Instructor Grade 1.

Grade 2 is optional

If you pass your Touchstones and exams on the level of Grade 2 you will get certified as a Basic ST Instructor Grade 2 (without riding) or an ST Instructor Grade 2 (certified in all five training pillars).

After certification you can continue your ST journey and grow into a Grade 3, 4 and even 5 (Basic) ST Instructor.

05 | Go all-in: 4 Steps

People just like you will become amazing Basic ST Instructors.

All because they decide to go all-in on themselves.

It's a decision. It's a commitment to themselves.

They commit to achieving Grade 1 in the training pillars groundwork, longeing, work in hand and liberty, and are dedicated to help others travel the same path.

And you can 100% do this, too!

Your journey starts with the first SStep.

It starts with your decision to become an amazing instructor.

We've got you the rest of the way.

As a student, you'll be guided through an exceptional program.

There's a proven system and a powerful team to support you every SStep of the way.

In your life, you have 3 choices.
Give up, give in, or give it your all.

~ CHARLESTON PARKER

01

STEP ONE

Decide & Enroll

- ✓ Investigate the reasons why you want to become an ST Instructor.
- ✓ If you like your reasons, decide to become an amazing instructor.
- ✓ Commit to going all in on yourself, your goals and your purpose.
- ✓ Enroll in the Basic ST Instructor Certification program.
- ✓ Look for your enrollment email with your login information and next steps.

02

STEP TWO

Login & Explore

- ✓ The program is 100% delivered to you online, in the comfort of your own home, and everything is easily accessible.
- ✓ The only thing you need is a good internet connection and a computer, tablet and/or smartphone.
- ✓ We use simple technology - Youtube and Zoom - to connect with you during the program. See Google for a variety of short tutorials about these apps.
- ✓ The program is set up perfectly for "busy" people, so you can complete everything flexibly within your unique schedule, as long as you can complete all your certification requirements before December 2023.
- ✓ We recommend allocating about four hours a week to complete your study requirements, although you are welcome to spend as much time as you would like, as there is plenty to explore and study!

03

STEP THREE

Study & Learn

- ✓ Founder of the ST Academy, Marijke de Jong, will teach you the Strategies she has created to change the lives of thousands of horses and riders.
- ✓ You will receive a high-quality education with fortnightly lectures with Marijke, where she explains and demonstrates her concepts.
- ✓ The recordings are available in both audio and video formats, and you may want to watch or listen to them several times to widen, broaden, and deepen your wisdom.
- ✓ Everything you learn will be immediately applicable to your own horse and situation, and the horses and situations of your students and clients.
- ✓ Besides Marijke's lectures, you will also study the STclopedia in the Mastery Program.
- ✓ Plus, you will learn how to become an efficient and effective entrepreneur.

04

STEP FOUR

Apply & Experience

- ✓ Knowledge is not enough when it comes to teaching. We must be able to experience the theory in practice and apply it to our own horses and our students, and their horses.
- ✓ In the program, we ensure that you practice your teaching in the format of small online group classes, assignments, and through supervision.
- ✓ You will be assigned to a small group with a dedicated Mentor Instructor who will be available every other week on a so-called live Application Call.
- ✓ Throughout the program, you will practice live with your Mentor Instructor in your small group class by coaching your peers on a so-called Practicum Call.
- ✓ The calls and assignments will help you refine your skills and become even more adept at using each of the didactic skills we will teach you.

06 | Curriculum

Take a closer look at what you're going to study and learn, and at the Basic ST Instructor Curriculum that will support your transformation.

1

The STclopedia

Get access to the full library of Mastery modules and learn how to solve any balance issue with a logical system of progressive exercises.

2

Wisdom of the Old Grandmasters

Discover the foundation of training horses and teaching students you will be practising with your two and four-legged students.

3

The Instructor, the Student and the Horse

Learn how to apply various learning concepts, strategies and styles to offer tailor made teaching and coaching solutions.

4

Lesson preparation

Discover how to set your lessons up for success and how to prepare the different phases of your lessons.

5

The Start, Core, and End of a Lesson

Learn how to design the start of a lesson, how to apply situational teaching and give feedback, and how to wrap up a lesson.

6

Self-Reflection & Evaluation

Explore how to use the concept of Constant And Never-ending Improvement to master the art of teaching and coaching.

7

Challenging Situations

Get strategies to help you deal with difficult situations and challenging setbacks.

8

Self-mastery

Study and apply mental strategies that empower and serve you, whilst also helping your students to do the same.

9

Outcome & Goal Cultivation

Gain tools to help you create an awesome career and learn how to reach your big goals.

10

Entrepreneur Training

Learn how to get started, craft your ideal career as a Basic ST Instructor, and design your own profitable business.

07 | Your Program Experience

We purposefully structure your program, so you receive individualized support and mentoring while putting the theory into practice:

APPLICATION CALLS

1

For twelve months, you'll meet fortnightly in a small group with a Mentor Instructor. During these calls you're going to apply everything that is taught in the fortnightly lectures, get real practice coaching, and get all your questions answered.

PRACTICUM CALLS

2

Six times during the twelve months, a Practicum Call will be scheduled where you and your peers will teach the what, why and how of a certain Straightness Training concept live and get real-time feedback from peers and your Mentor Instructor.

PEER COACHING

3

Partner with a buddy of your choice through Zoom and Youtube to receive a minimum of six hours of online coaching and give six hours of online teaching in the training pillars of groundwork, longeing, work in hand and ST at liberty.

REAL CLIENT TEACHING

4

Throughout the program, you will practice live - online and/or in-person - and create a report about the transformation of real clients and their horses. You'll record six 20- to 30-minute video clips from teaching sessions and include these in your report.

The best ST Instructors
get coached by
the best ST Instructors

08 | Additional Scholars Benefits During & After Certification

To support you the best we can during the Basic ST Instructor Certification Program and, also, in the first year after certification, you'll get **2 years of free membership** to our Scholars Program. As a Scholar, you'll receive weekly coaching through the Mastermind, Hot Seat, Breakthrough, Touchstone coaching.

In special monthly mastery cycles, you get coached on your own skills by one of the ST Academy Coaches who has gone before you. They understand what you're going through and will apply the same tools you're learning in Certification to your situation and your horse. They do this every week. You just book the sessions and get feedback.

If anything is holding you back or getting in the way of showing up as the Basic ST Instructor you dream of being — you get to start working on this immediately in Scholars. Remember, your personal transformation is your professional resume.

By taking full advantage of what's available to you in your complimentary membership to Scholars, you'll walk the talk and take action to achieve the level of Grade 1- or even higher -in the training pillars groundwork, longeing, work in hand and liberty - and maybe even riding.

Get 24 Months of FREE High-Quality Support

We want you to be able to start from this moment - after reading this brochure, booking a call with Marijke, and enrolling in the program - and to move towards your Certification.

Therefore, to help you achieve Grade 1 - or higher - in the groundwork, work in hand, longeing and ST at liberty training pillars - and optional is riding - you'll receive a 24-month free membership to Scholars (€297 per month value).

Your free membership in Scholars starts the moment you enroll in the Certification program.

Your FREE Scholars membership includes:

✓ The fundamentals

Get immediate access to 8 fundamental STages, so you can optimally prepare yourself for your craftmanship. During these STages, you learn everything you need to teach your own horse (and the horse's of your students) the fundamentals of Straightness Training.

✓ Weekly coaching sessions

It is our deepest desire that you will take full advantage of everything we offer in Scholars. Make a schedule to attend live classes, get your monthly Mastermind, Hot Seat, Breakthrough, and Touchstone coaching, and dive into the available Self-Mastery classes.

✓ 24 Touchstones

Benefit from the opportunity that you get 24 free Touchstones which you can submit over a period of 24 months - 1 Touchstone a month. Show us the exercises you practice in the training pillars groundwork, longeing, work in hand, and ST at liberty - and if you want, also riding - and we help you get your work to the basic level of Grade 1 - or even higher.

09 | Certification

At the Straightness Training Academy, certification is earned after paying attention in class, joining the application calls, practicing the tools with peers, and applying everything you learn to real clients in effective ways. There are five main components to becoming certified:

- ✔ **Didactic skills through Practicum Calls**
You'll participate in a minimum of four out of six Practicum Calls where you will get real-time feedback from peers and your Mentor Instructor. Participate as a coach a minimum of two times and as a client a minimum of two times.
- ✔ **Didactic skills through Peer Coaching**
Partner with a buddy of your choice to receive a minimum of six hours of coaching and give six hours of coaching.
- ✔ **Didactic skills through your Real Client Assignment**
You will create a report, where you log your experience in teaching real client(s) and it will include six recorded samples of you teaching your student(s).
- ✔ **Straightness Training skills through Touchstones**
You have achieved at least Grade 1 in the training pillars groundwork, longeing, work in hand, and ST at liberty.
- ✔ **Theory exam**
At the end of the twelve-month program, you will take an exam before you are certified. Most of our ST Instructors tell us that the exam - 100 multiple choice and false/true questions - is easy if you study the curriculum materials and show up and pay attention during class.

You will be required to have all of your work complete in order to become certified.

10 | Your Success Pathway

Your Basic ST Instructor training will be a 12-month journey to help you get certified as a Basic ST Instructor. Through a series of milestones and touchstones you'll reach your end goal.

After your Basic ST Instructor Certification Program is complete and you're a certified (Basic) ST Instructor, we'll help you craft your ideal career and get to the next levels of your own ST journey.

Milestones

Start of the Basic ST Instructor Certification Program	
Welcome call	First week
16 Study classes with Marijke de Jong	Every other week
16 Application Calls	The week after a study class
6 Practicum calls	2x as instructor, 2x as student
Real Client Assignment	A report and six videos
Peer-to-peer coaching	2 sets of 6 hours
Touchstones in Grade 1 (riding and/or Grade 2 is optional)	4 (or more) Touchstone passes
Theory exam	Multiple choice questions
Certification	At the end of 12 months
Craft your ideal career and bring your ST to the next level	Second year in Scholars

11 | Tuition

Every class you take, every Touchstone you pass, and every Grade you achieve, is an investment in your knowledge, your skill-set, and your future. And it is our intention that your investment in the Basic ST Instructor Certification Program provides you with a career that will make you much more than the cost of tuition for many years to come.

You, of course, will have to do the work to make that happen - and we believe it's absolutely possible - but how you create a return on your investment is completely up to you.

You get to decide if you want to work part-time or full-time as a Basic ST Instructor or combine it with your current career.

Regardless, we can't think of a better way to spend your time, energy and money than on your "Ikigai" and on creating a career that will help you serve your purpose, and provide fulfillment in your life.

- Included in your tuition is lifetime access to ST Mastery, also known as the STclopedia.
- Plus, you receive a free membership to Scholars (a €297 per month value), which starts the moment you enroll in the Basic ST Instructor Certification Program and lasts for two years. People have changed their lives and the lives of their horses with this program alone. Make sure you take full advantage of its value both during and after your Basic ST Instructor Certification Program.
- See the next page for tuition options.

12 | How To Be An Excellent Student In Our Program

Be Possible

Whether you think you can or you can't you're right. So show up with a "can do" mindset.

Be Responsible

When you use your ability to respond in any given situation you will always figure out a way.

Be Valuable

Step into the beST version of yourself and offer value to your peers, students and their horses.

We feel very strongly that it is an honor and privilege to coach equestrians and horses who need help.

We will only certify Basic ST Instructors who are improving their profession, who are on a mission, and who are coaching from a place of passion and vocation.

13 | Active Status

The Basic ST Instructor Certification Program gives you the freedom to create your life on your terms.

In fact, we believe becoming a Basic ST Instructor is the perfect career because you have the freedom to set your own schedule and make a contribution that has a real impact in your own life, the lives of your clients and students, the lives of their horses, and even the world.

Now, with that kind of amazing career comes responsibility.

Our goal is to keep an engaged, active and up-to-date ST Instructor community that meets the following requirements:

- ✓ We want ST Instructors who are motivated and actively teaching and coaching to make a positive difference in the horse world.
- ✓ Active ST Instructors pass at least **4 different Touchstones** a year to update or upgrade to the next levels of their own abilities and skills.
- ✓ They pass an **annual theory exam** that covers current teachings from Marijke and proves that they are up to date with the latest STudies & STrategies.

Certification is for a lifetime, but keeping an active Status is something that happens every year. Directly after your year in the Certification Program, you'll automatically will be keeping the active Status for another year as you'll stay a member of our Scholars Program for another 12 months.

After that second year in Scholars, a number of instructors will still be all-in, but we understand that instructors sometimes need to take a break, and that's okay. You can come back to active Status at any point for the rest of time as long as you are a Certified (Basic) ST Instructor with us.

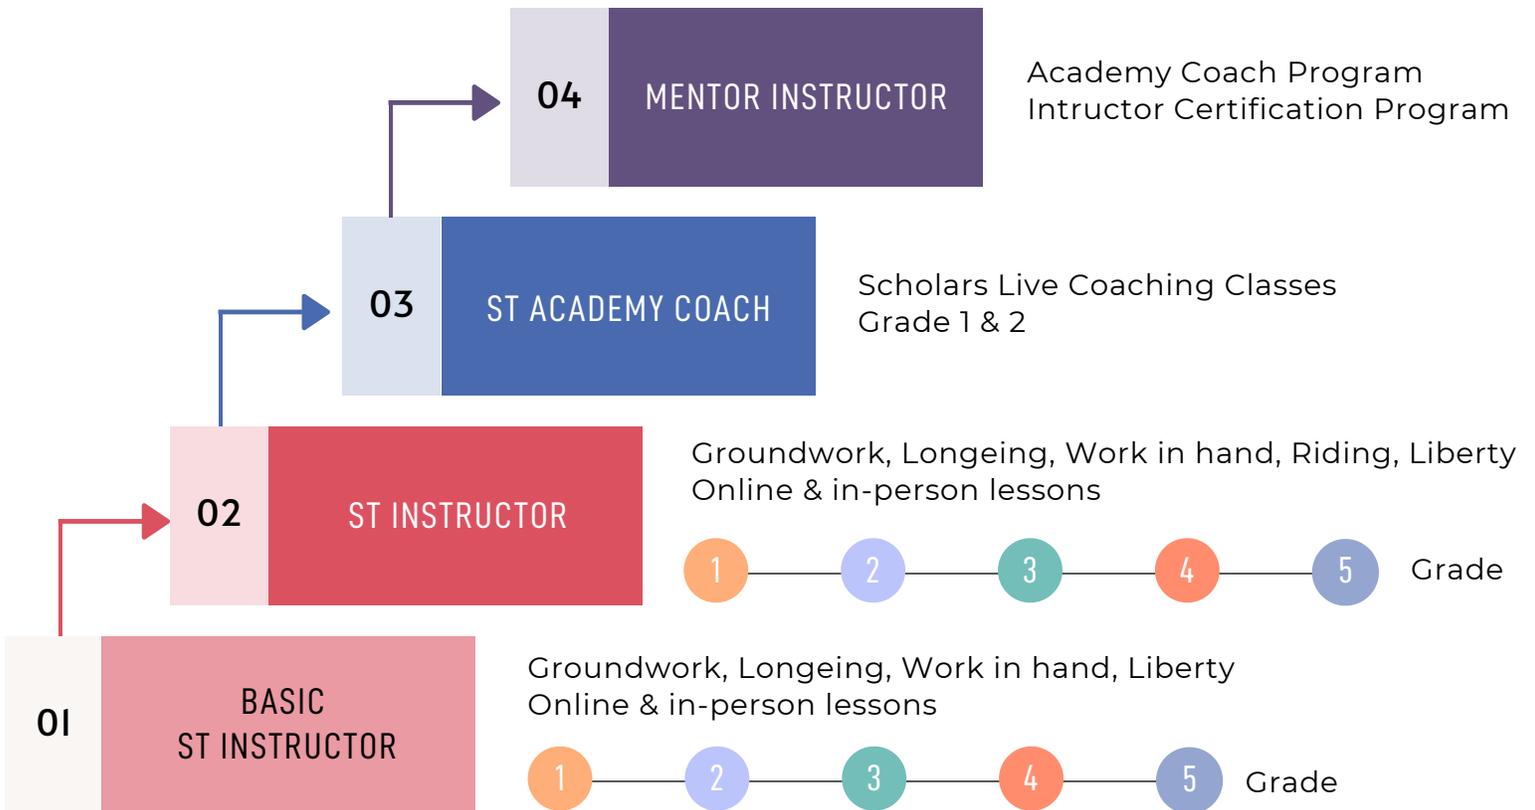

Active ST Instructors can use the annual ST Instructor logo on their own website and will be listed with their contact information on the ST Academy website. This website is often visited by potential clients who want to book lessons with an ST Instructor who is active and up to date.

14 | Career path

After you are a certified Basic ST Instructor, you get to make an *Ikigai* living that is purposeful and fulfilling. The contribution and the value that you are offering equestrians and their horses is a reward in and of itself, and on top of that you get paid for it. If you desire to become an entrepreneur and start your own teaching practice, we will teach you how to get started.

Also, within the ST Academy we offer a career path where you can make a difference in the lives of other people while discovering your own potential.

15 | Book a Call

If you want freedom and purpose in your life and if you're ready to put in the work, then we invite you to join our incredible group of Straightness Training Instructors who are ready to change the equestrian world for the better.

We'd love to have you in the Basic ST Instructor Certification Program. The door is open. Now you get to decide if you are going to step through it and change your life forever!

We want to invite you to schedule a feedback call with Marijke to learn more about becoming a Basic ST Instructor and our Certification Program, and to see if it's a good fit and what option suits you best.

The feedback call is easy, informative, and absolutely free.

[BOOK A CALL »](#)

16 | FAQs

? 1. Why would I become a Basic ST Instructor?

There's never been a better time to become a Basic ST Instructor. As a Basic ST Instructor you will end unnecessary suffering caused by natural asymmetry and contribute to the well-being of horses through Straightness Training. Besides this, you have the freedom and flexibility to create your own schedule, work from home and anywhere around the world, choose which clients you want to work with, and create the income that you want. This is not a regulated industry, so there's no limit to how you can help your clients. Plus, your own transformation is part of your work.

? 2. What if I've never taught or coached a rider before?

We love ambitious horse lovers, so you're in the right place. Our curriculum is designed to help everyone become a successful Basic ST instructor, no matter your previous experience. Plus, you'll have the opportunity to coach your peers in class with your Mentor Instructor and receive feedback to help you grow and sharpen your teaching skills. We don't just teach you information — we help you apply and practice as you go.

? 3. What if I have not passed my Grade 1 Touchstones yet?

Don't worry, we've got your back. You'll be a member of the Scholars Program to help you prepare for the Groundwork, Longeing, Work in hand and Liberty Grade 1 Touchstones. During and after the Certification Program you'll be able to not only join the coaching classes to help you get ready for your Grade 1 (or even Grade 2) Touchstones. Your personal transformation is your professional resume, so two years of access to Scholars is a huge benefit of becoming a Certified Basic ST Instructor. No other program offers anything even close to this, and it's just a bonus to the incredible program we've put together for you.

? 4. When does my free Scholars Membership start and end?

The moment you enroll in the Basic ST Instructor Certification Program, you'll get immediate access to the Scholars membership including all the coaching opportunities, such as Mastermind sessions, Hot Seats, Breakthrough classes and the opportunity to submit one Touchstone a month. If you are already a Scholars member, your free membership starts at the end of your current billing cycle (refunds not possible).

Once you completed your 12 months in BCP, you'll stay in Scholars for another 12 months to get coached, get better, and get results.

? 5. What if I've never been on Zoom and Youtube before?

We use simple technology to connect with you in Scholars and during the Certification Program. For assistance with Zoom or Youtube, check out Google for a variety of simple, short tutorials. For additional support, send an email to support@straightnesstraining.com, and we will be happy to help.

? 6. What if I'm not like Marijke or the Academy Coaches?

We encourage you to be yourself, because it is who you are and your own personal path to mastery and transformation that will help your students and their horses — not imitation. Our Basic ST Instructor Certification Program will help you identify your own strengths and amplify them. You can be successful. Just believe in yourself, go for authenticity, own your authority and you'll get there!

BOOK A CALL »

The program is fantastic. I learned so much! The material is really good and useful. The curriculum is excellent. I thoroughly enjoyed being part of the BCP community. The structure with a deadline gave me clear goals that helped me stay focused even when it was hard to keep going.

Caryl Richardson

Polina Prikhodko

The content of the program is amazing, I am pretty sure it is the best program about teaching horse training. You don't have to have any prior teaching experience nor talent for teaching.

You will meet a lot of awesome and likeminded fellow BCPers to share your journey with.

Not only will you learn from each other, but you can develop some lifelong friendships.

Cynthia Adams

I became fascinated with Straightness Training and wished that one day I could contribute to spreading this into the world as well.

At the end of 2020, I got a real Christmas gift, I was invited to become an ST Instructor. I enjoy this work so much, it is so great to help the horses and their riders to become better physically and mentally.

Kadri Mäkishev

Comprehensive curriculum and the business side was a great addition. This was an area that I had little knowledge of and so am finding the material very helpful. Good range of assignments and assessment. It's not as hard to do as you might think and you will learn lots of good stuff and also test yourself. You'll meet some great people and when you pass you will have achieved a formalised pathway to help horses and riders. *Carmen*

It's the best on-line program I've been exposed.

Kathy Boettcher

I really enjoyed the program. It was a great experience, I learned a lot.

My favorite things about the program were the application calls - meeting with mentor and class mates to deepen the experience of the class, discuss our progress and obstacles, and practice in a safe environment.

“ *Janina* 

The program will keep you on track and opening up your brain. It's for you if you are looking for answers for the benefit of your horse.

Annelie 

It is a very comprehensive and well thought through program. The right balance of involved guidance and independent study that ensures success. Loved the smaller class size. Really enjoyed the live calls and really enjoyed the lectures. Marijke is very enthusiastic. Her belief in our ability to become instructors was infectious. Her ability to put us at ease and help us find our confidence.

Michelle Masselink ”

The body of knowledge and the never ending input of Marijke is in-cre-di-ble. This is next level Horsemanship. Especially the "observe first" (and know what to look for) and then progress in a structured way. It is a ground layer for every possible discipline. Other methods (I know of) focus on the rider and what to do to produce a desired outcome. ST focus is on the horse and what the horse needs to move forward.

Maarten Ducrot

Adiva Murphy

Very happy to be on this next step to creating a better version of me in my lifelong journey of improvement. It's a wonderful group - I have always done things on my own and I feel this is a unique group of people to share my growth, my struggles and to be vulnerable and brave with. Thank you ST Community - let's go ST Instructor Program!

Go for It!
You'll love it!
I'm sure!
